

# NANOENERGY VAN

The reliable and economical summer tire for vans.

Shorter braking distance and improved driving stability for more safety. Extended tire life with reinforced carcass for more reliability. Less fuel consumption for cost-effective operation.

## Tread Pattern Features

- 1 **DOUBLE ZIGZAG RIB**  
Less wear with high rib stiffness.
- 2 **3D MULTI WAVE SIPES**  
Decreased block movement for better cornering behaviour.
- 3 **DYNAMIC TAPER**  
Better traction to the road surface.

13 - 17 inch. Speed indices Q, R, S, T and H.
