

The tread pattern design of Proxes TR1 blends form with function to provide outstanding performance with an individual identity.

Innovative new wear indicators allow enthusiastic drivers to take advantage of exceptional handling and grip throughout the life of the tire while also enhancing the environmental impact of reducing waste.

Speed Index V, W and Y. 14 - 18 inches.

TREAD PATTERN FEATURES

CONSTRUCTION TECHNOLOGY

TIRE PERFORMANCE

WET BRAKING DISTANCE

	SHORTER		
PROXES 'Tz'	84	16%	
PROXES T		100	

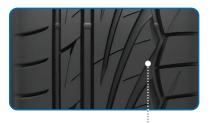

16% shorter than PROXES T1R

ROLLING RESISTANCE

	LOWER		
PROXES TEZ'	90	10%	
PROXES T 2		100	

10% less than PROXES T1R

TREAD COMPOUND

······ Silica ······ Super Active Polymer

Wear-resistant Polymer
